

Dear Buena Drumline Families,

The Drumline is providing a terrific fundraising opportunity for the students/families to raise money to fund the budget needs for the 2012 Season. With all of our participation in fundraising, the Buena Drumline will be able meet its financial obligations and our students can have a great season!

The Drumline has annually solicited financial sponsorship from local businesses, and this year will honor those companies that contribute \$350 with a place on the Drumline show sweatshirts/T-Shirts, advertising on our website, and an ad in our local newspaper naming them as a Buena Music Supporter. Companies who donate \$200 or more will be placed on the Drumline Show shirts/sweatshirts and our website. Companies that contribute \$100 or more will receive acknowledgement on the Buena Music Association (BMA) website and on concert programs. Attached are the request letter and form to fill out so that families may begin working on this fundraiser right away. Please return these by February 1st, so we can have the shirts in time for our first competition.

Please remember that participating in this fundraiser can be a huge help to YOU in making sure that BMA raises the money needed for students to have the drumline ensemble opportunity at Buena High School!

The funds raised are used to pay for a T-shirt for each student in the ensemble, as well as specifically fund the costs of the entire drumline season. The costs associated with drumline include uniforms, equipment, instructional coaches, truck fees, food, and competition fees, to mention just a few key needs of this ensemble.

This fundraiser is a great way to let the community know what our students are doing and how they can support the Buena Drumline Program, as well as give them an opportunity to "advertise" on our T-shirts, sweatshirts and website.

If you have any questions, concerns or suggestions, please feel free to email or call or anytime.
